

# RED HILL HIGHLIGHTS

31st Edition; Jan 6, 2026

The mission of Navy Closure Task Force-Red Hill (NCTF-RH) is to execute the permanent decommissioning of the Red Hill Bulk Fuel Storage Facility (RHBFSF) safely and expeditiously, and continue long-term environmental remediation in coordination with State and Federal regulators in order to protect public health and the environment.

## Rear Adm. Lester Ortiz Assumes Role of Deputy Commander, NCTF-RH

Navy Closure Task Force – Red Hill (NCTF-RH) welcomed a new deputy commander aboard Joint Base Pearl Harbor Hickam Jan. 5, 2026.

Rear Adm. Lester Ortiz relieved Rear Adm. Marc Williams, who assumed the role of deputy commander of NCTF-RH on Nov. 18, 2023. NCTF-RH was established to safely and expeditiously decommission the Red Hill Bulk Fuel Storage Facility (RHBFSF) and continue long-term environmental remediation in coordination with State and Federal stakeholders to protect public health and the environment.

Ortiz assumes responsibility for NCTF-RH after serving as commander of Naval Mobile Construction Battalion 27 and 7th Naval Construction Regiment. He is a native of Puerto Rico and graduated from the University of Puerto Rico where he earned a Bachelor and a Master of Science in Mechanical Engineering.

"Over the past few months, I've worked closely with Marc to ensure a smooth leadership transition for the team, our partners and the community," said Ortiz. "Coming from the island of Puerto Rico, I have a profound respect for the deep connection between people and their land. As I take over this important mission, my focus continues to be on the safe closure of the RHBFSF, and a commitment to transparency, as well as a deep commitment to ensuring we care for Oahu and protect the environment for generations to come."
